Heywood Shoes for Men.

Nothing makes a customer more disgusted than to discover in a new pair of shoes some hidden weakness or fault which may have escaped the eye of the maker and dealer. "The strength of a chain is equal only to that of its weakest link," and it is the same with shoes. One of the many characteristics of Heywood shoes is the uniformity of material and workmanship. Their uniformity is brought about by the fact that the factory has been built especially to manufacture a certain class of goods, and in most cases manufactures that kind only. The workmen are experienced in their line; the leathers used are bought in such quantities that they seldom vary. Hence the wearer is rarely subjected to the annoyance of faults and imperfections, nor the dealer to the dissatisfaction reflected on him from the customer. Price \$3.

Reed's Shoes for Ladies.

Ladies find just what they are looking for in the Reed Shoes -style, comfort and long wear-\$2 to \$3. Try a pair of Reed's Cushion Sole Shoes for winter.

A companion shoe for girls at same price, \$1.50.

Blankets and Comfortables A splendid showing of dependable bedding. We are agents for the Muncy Mill's Blankets, and we consider them the best goods we've ever handled for the same money. One great advantage these blankets have over other makes is that they do not shrink when laundered. Three-fourths of the factories turn out blankets that when they are washed are only large enough for single beds. We carry in stock all sizes, even up to 80x90 inches. We are showing exceptional values at \$2.60, \$3.75 and \$4 98. Large size haps at 75c, 98c and \$1.25. Handsome Dinner Ware We are showing 30 one hundred piece Dinner Sets
